## Monthly Color-Me Locker Signs Or Whatever Shapes

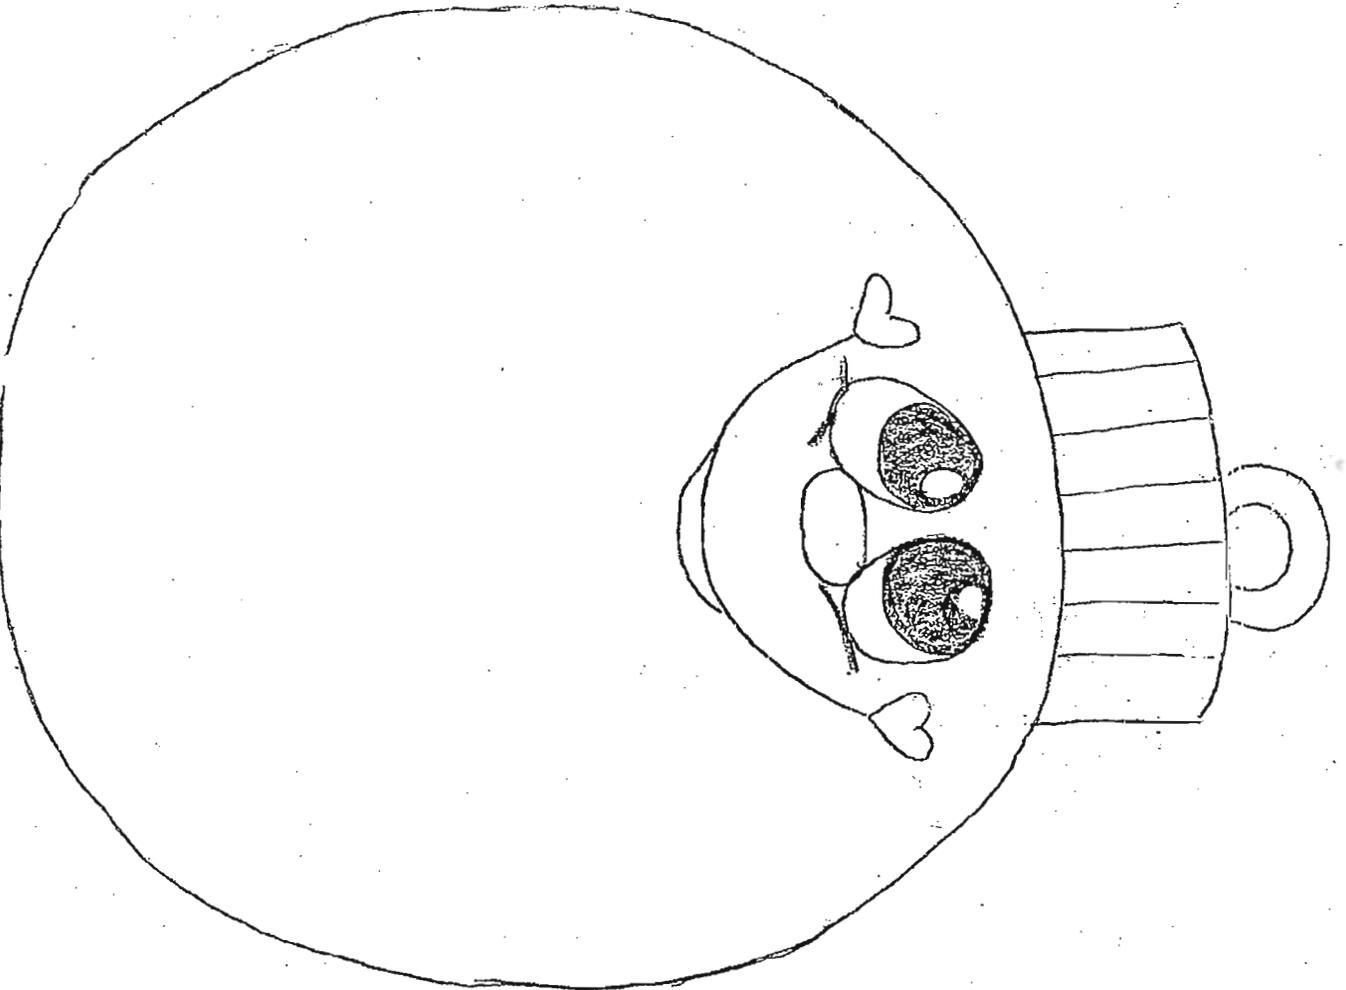

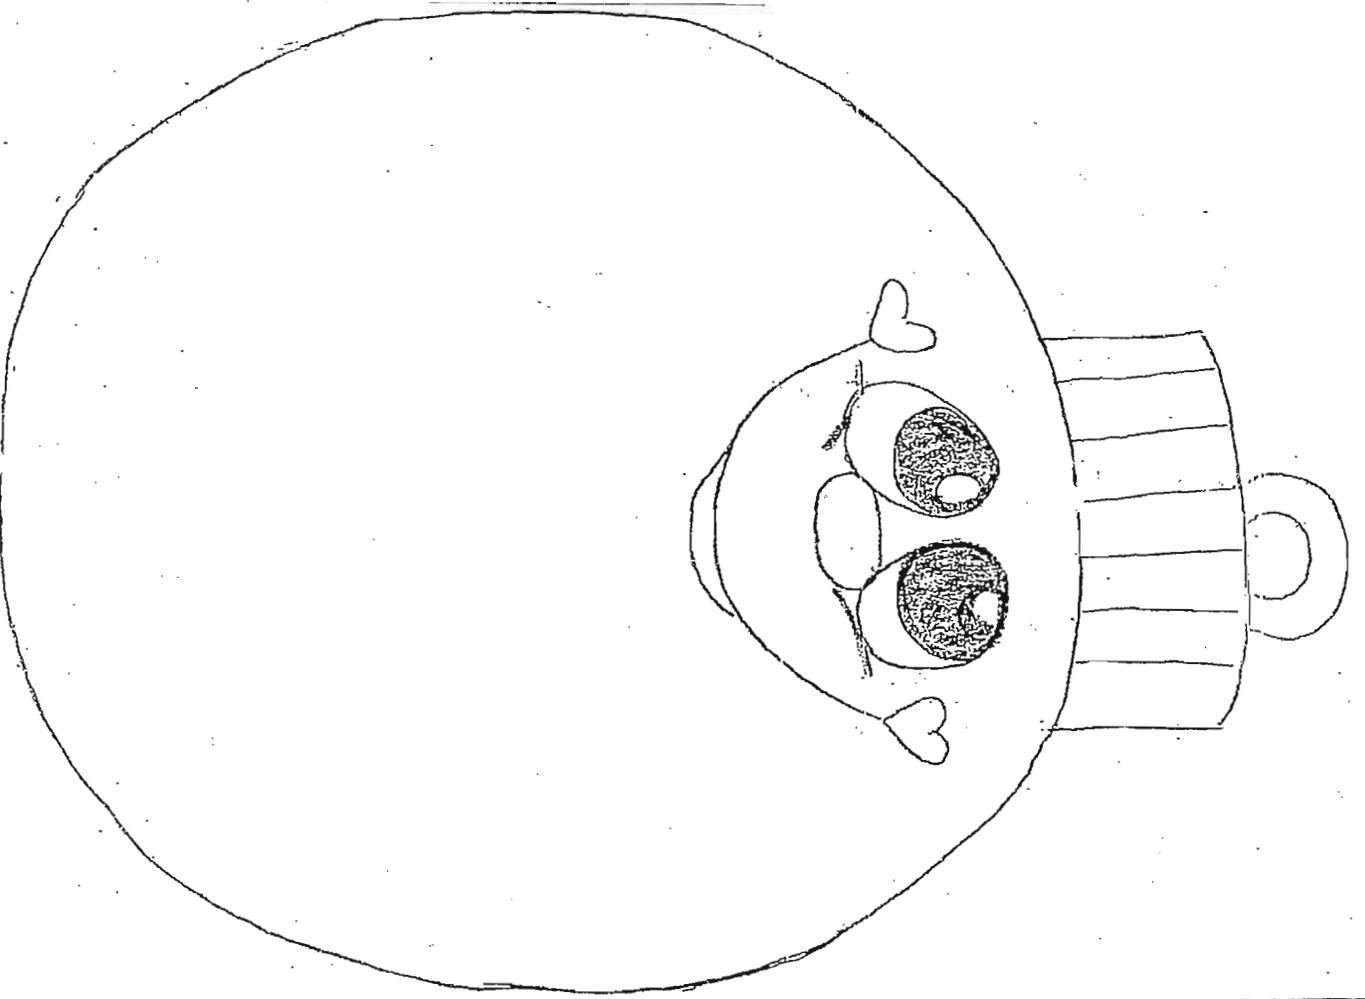

### *What can I do with these Shapes?*

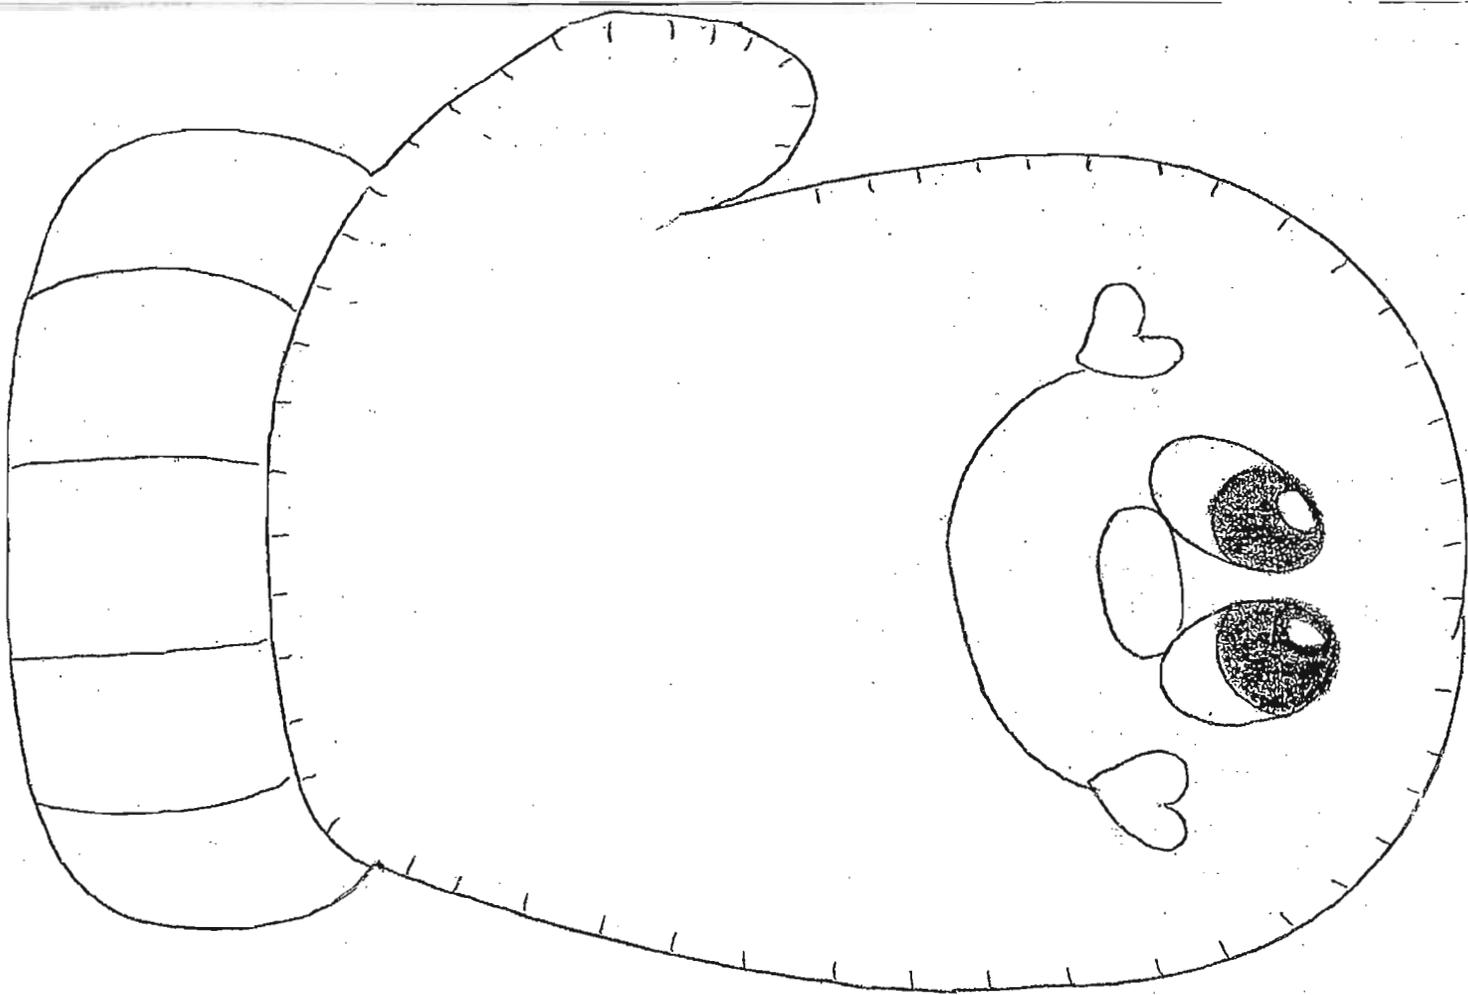

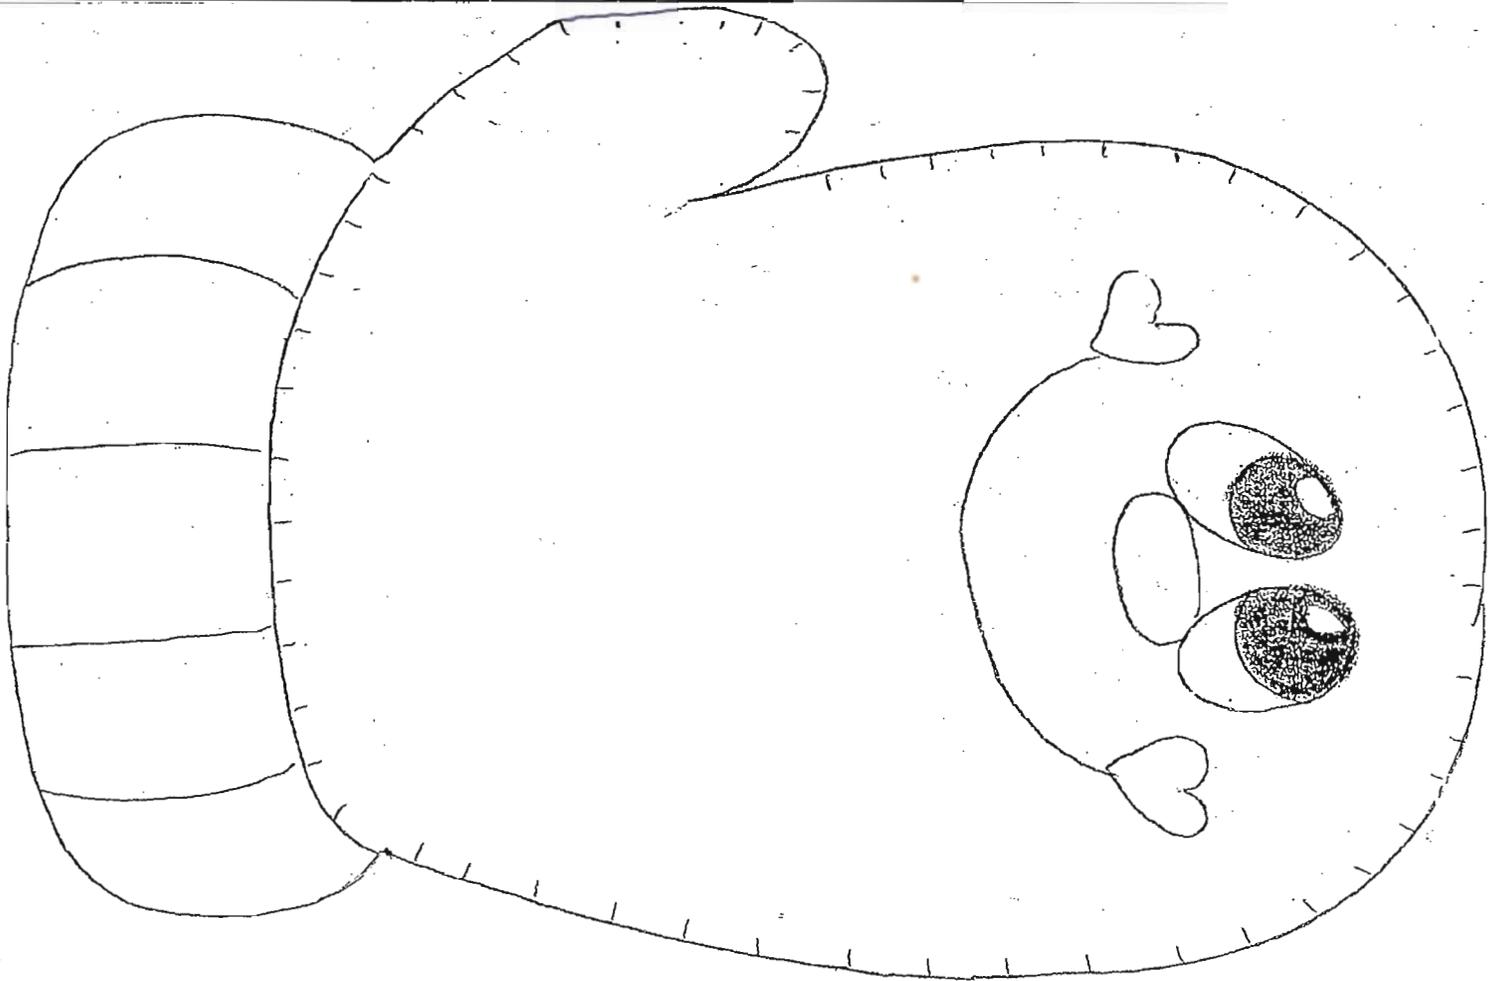

- They're FREE, my gift to you for popping in for a visit so enjoy them!
- Have the students write their name on it, color it and use it as signage on their locker.
- Run them off on construction paper, staple them to a head band and use as a special-day paper crown, or seasonal birthday visor.
- Partner off with a friend and write each other a best buddy or special friend note.
- Have them write thank you, or we appreciate you notes to the secretaries, principal, custodian, librarian, bus driver, cafeteria worker etc.
- Have them glue their photo on it and make a card for their family.
- A "nice note" for good behavior or completed work. Dash a note off to parents.
- A note for jotting word wall words or spelling words down on.
- Reminder Notes home for whatever.
- Shrink it down, 4 on a page, run off on construction paper, kids cut out, punch a hole in it and make a name necklace.
- Run it through your "Mr. Cruncher Muncher" if you have one.
- Have students write letters or numbers on them.
- A fun paper to practice writing their name on and then coloring it.
- Have students write and "I love you" note home on it and then tuck it somewhere silly for their parents to find, like on top of the potty, in the glove box, taped to the bathroom mirror, in a kitchen drawer, in the fridge. Children giggle at this kind of thing. ☺
- Have students snip the edges part way and practice their cutting skills.
- Have them go around the room and collect their friend's autograph.
- Have them stamp a group/set of seasonal stamps on it.
- Have them bingo dot a pattern on it.
- **Can you think of anything else? Let us know! Caring & Sharing; that's what this website is all about! ☺**
