## May Writing Prompts

1. You have an award winning garden complete with a waterfall, fountains and hundreds of flowers. Describe it to me. What state are you in? What kinds of flowers do you have? What kind of sculptures etc.
2. The fairy tale has come true! Well sort of. You kissed a frog and instead of turning into a prince he turned you into a frog too! What does it feel like? What will you do?
3. Ok! Ok! We'll make it the reverse. You do kiss the frog and he does turn into your prince charming! What does he look like? What's his personality like? What are his hobbies and interests? Where will you go and what will you do?
4. If you could have a room full of flowers what would your room be filled with? Describe it to me. How does it smell? How is it set up? What kinds of flowers?
5. Well if prince's can be frogs how about girls being flowers. Zap! You're a flower waiting for your prince. What kind of flower are you? You're in the garden. Here comes the prince. Yes; you can talk. Get on with it.
6. He loves me. He loves me not. He loves me! Who are the people in your life that you care about the most and why?
7. Do you like frogs or toads better? Why? Or....Are you more like a frog or more like a toad? Or....Are you more like a frog or more like a flower?
8. Or...Here comes the witch! You have a choice! She is about to zap you. You choose. It's either a flower, frog or toad. Which one do you pick and why?
9. If you think these prompts are too silly, well then you dream up one for yourself. Here is the magic pencil wand. Have at it! See. It's not so easy is it?

Cut Out Sliders. Insert Into Slider Tulip Slits.

Slits to review numbers, letters & shapes.

For the alpha bet Slider Glue 2nd Strip "J" under "I" & 3rd strip "U" under "T". To Avoid accidentally pulling out Strips You can glue a longer strip of paper on the end & then simply fold the end tabs in to pull the strip out to change to another slider.

## Flower Slider Info-Strip Slider

### Materials:

- Construction paper
- Scissors
- Glue sticks (If you want to back with construction paper)

### Directions:

#### Prep:

- Run off master.
- Pre-cut slider strips
- Pre-cut slits in slider shape

#### The next day...

1. Children CUT out their slider shape. (You can mount it on a complimentary colored sheet of construction paper for more durability.)
2. Students WRITE their name on the BACK of their slider shape.
3. Children insert slider strip from the back to the front. Teacher decides what slider students will be working on. (ABC, 123, Shapes)
4. As a whole group, we use the manipulative to review the information on the slider.
5. I encourage the children to do it again for their parents and include a note about the slider in my newsletter.
6. I ask parents to ask their child to share their slider with them. It helps reinforce lessons, builds self-esteem, and shows their child that they care about what they are learning in school.
7. Since we have a slider for each theme, they make a nice collection. My students love collecting them.
8. Sliders are a nice quick and easy art project that nails and reviews several report card standards in a fun way. It's a great fine motor skill as well.
9. After my students are done with their slider, they clean up their work station, leave their slider at the table and transition to a Tummy Tubby Time activity. When everyone is done, they get their slider and sit on our *Circle of Friends* carpet.
10. Depending on time, we insert 1 or 2 sliders and review the material as a whole group. I'll have them put the shortest shape slider strip in, take the other sliders back to their desk, and we'll review body parts (put your slider on your elbow, knee, wrist etc.), then we'll use it for spatial directions; (put your slider on, behind, above, beside you.) We'll finish up with the *Slider Pokey* and finally "Blast Off" counting from 10-0 and then go put our sliders in our backpacks. 😊
