These are special apples
That are hanging from my tree
I made them with my fingerprints
They're a special part of me.
1-2-3 little apples plus one more
3 little apples now turn into four
The fifth little apple will be the last.
Listen now,
I can count them fast!
1-2-3-4-5!

Double it and then...
Now you have a perfect 10!

Near or far

inside every apple
is a 5-pointed seed star.

1-2-3
Different colored apples
for all to see.
Red, yellow & green
apples can be seen!
