You'll have a great year "bee-cause" ...

You'll get to Play math games.
You'll learn how to read.
You'll write to a pen pal in another state.
You'll have a reading buddy.
You'll Study animals and go on a fieldtrip to the zoo.
You get to Pick an

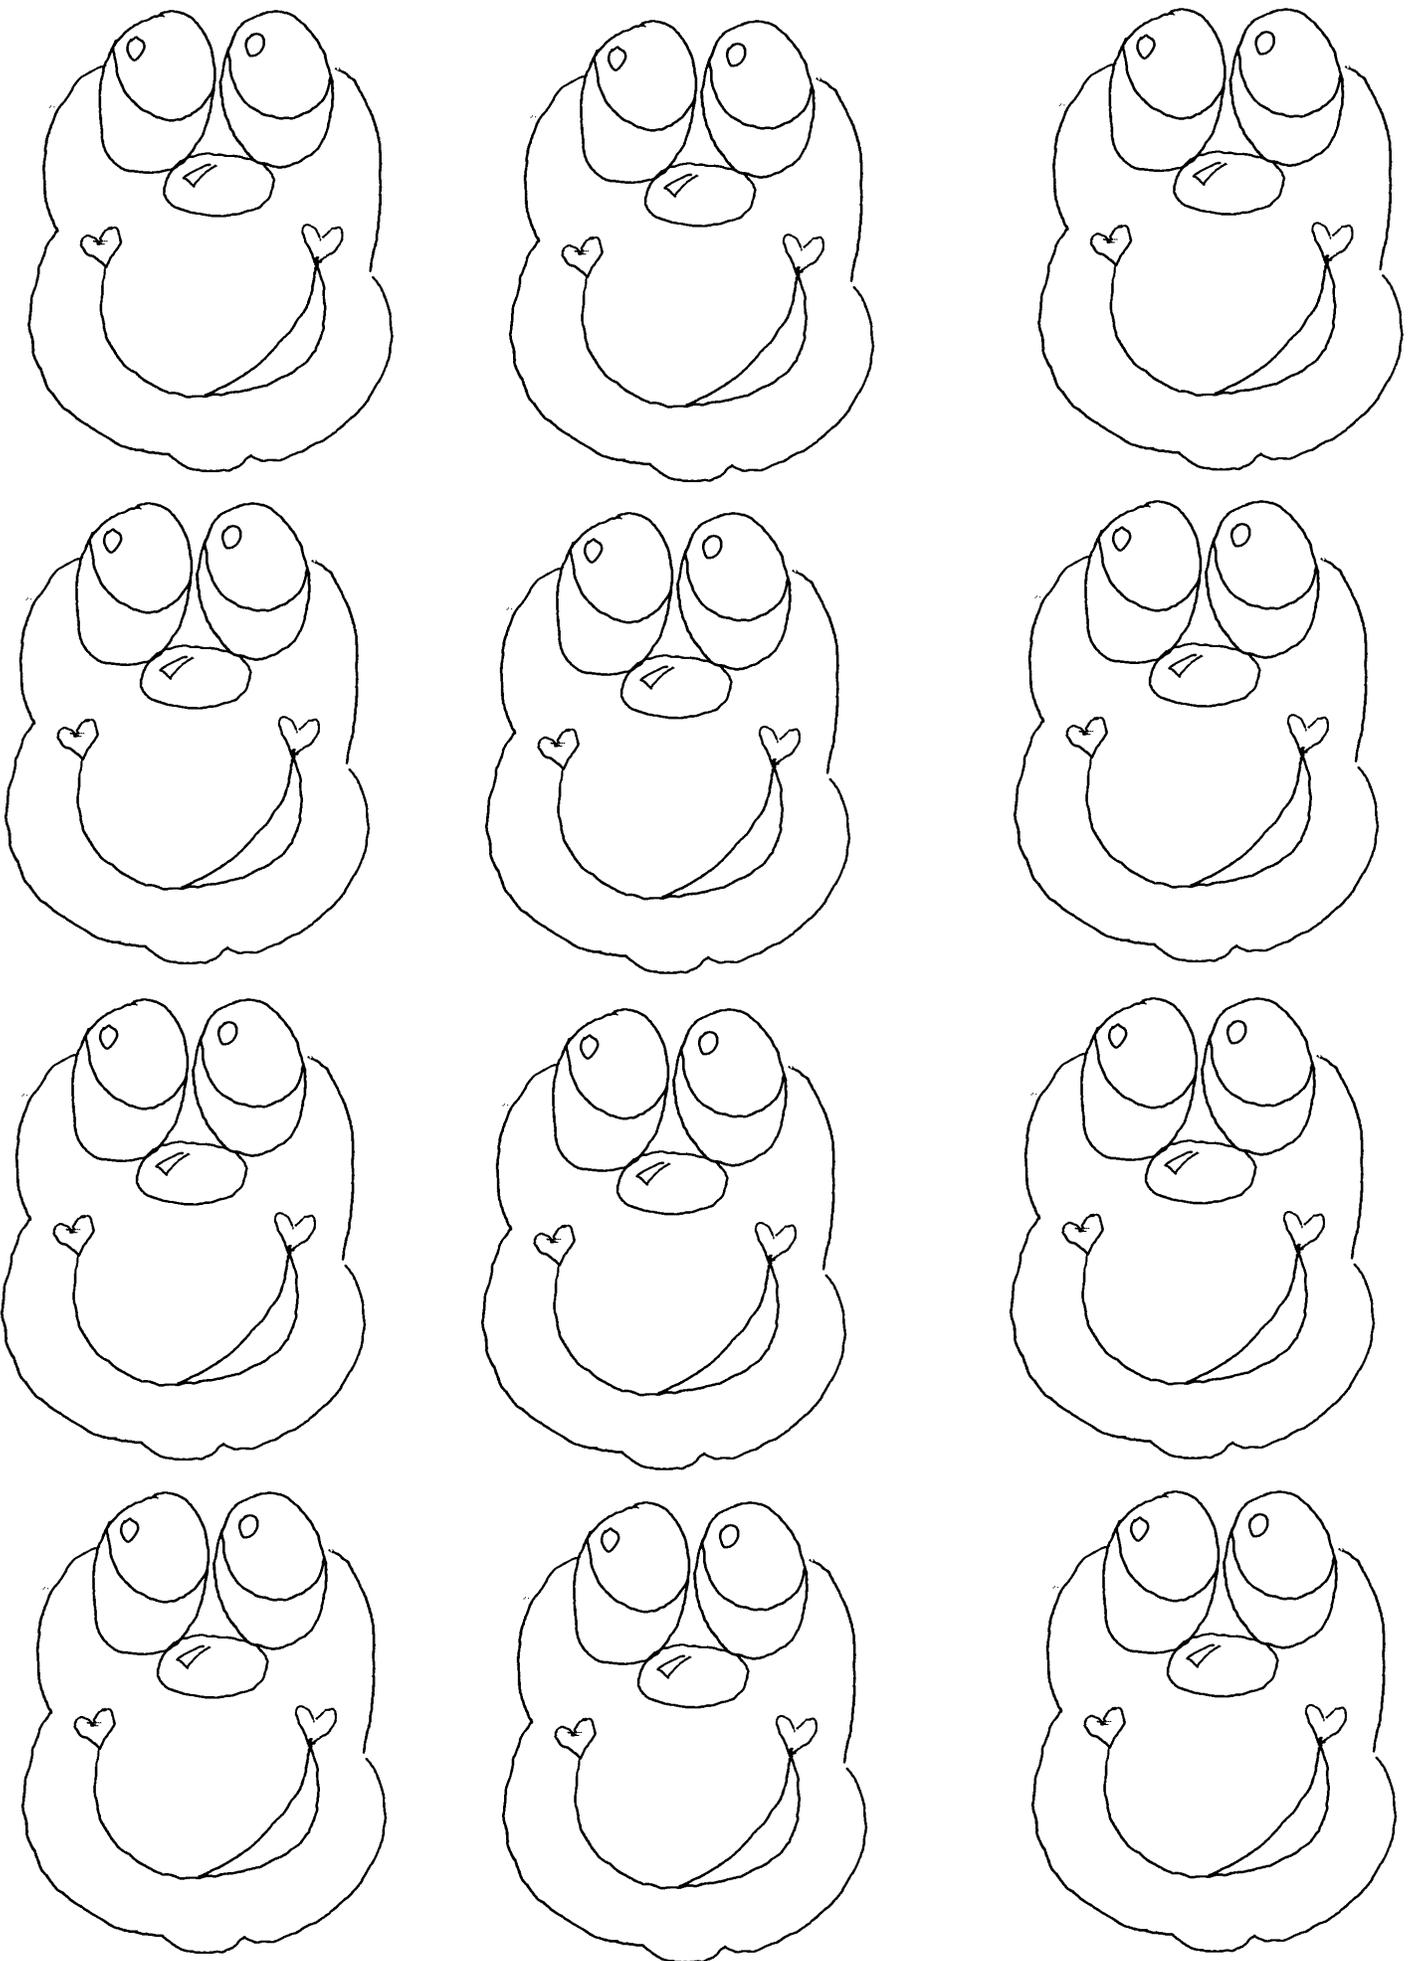

Animal to write a report on.

You get to Play Spell Down.
You'll have gym, music and art for specials.
You'll love the magic tricks Mrs. H does for math and science.
You'll read great books! I hope your year in 1st grade is "bee-utiful!"

Run off on yellow paper. Students trim, add some color and then glue to the top-front of their tp tube. cTeachWithMe.com

Print and trim.

Use to trace on yellow construction paper.

Cut 3-6 at a time.

Students draw on facial features for their bee and then glue to the top-front of their tp tube.

For extra pizzazz you could use wiggle eyes.

My favorite
things about
"bee-ing" a

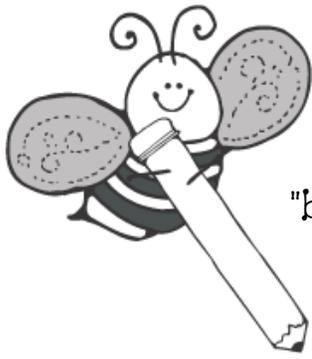

- Run off on white construction paper.
- Children add some color.
- They complete the sentence with the grade that they are in.
- "My favorite things about "bee-ing" a first grader."
- Before hand brainstorm with your students.
- Ask them what their favorite things about being a student in that grade were.
- Write them on the board so that students can refer to them and choose which ones were their favorites.
- They list them on the bee bookmark.
- I've added an extra section if they need more room to write. They'll simply glue the 2nd strip to the back of the first one.
- Remind them to leave a space at the top for the glue.
- Make this even more personal by having them add a photo.
