# Shades of Summer

During Summer  
vacation I'd like  
to go see my  
grandparents in  
Wisconsin and stay  
at their  
cottage.

Print and trim.

Trace on an old file folder and cut 3-6 "lenses" at a time.

Students choose however many "pages" they need to complete the writing prompt: What I'd like to see and do this summer. ..

They collate and staple into a booklet, add a cover and glue on the right lens.

After students share their "plans" scatter them on a bulletin board.
