Put Out The Fire

To the tune of "Pop Goes The Weasel"

Up the street the engine goes.
They're going to fight the fire.
They squirt the flames
with the hose.
Out — goes the fire!

Spiral

A spiral is a curve
that's made by a point
moving around a fixed point,
winding in a continuous and gradually
widening or tightening curve.
It coils around, like the wire edge
of a spiral notebook,
or the spiral of a seashell.
