Cut out envelope.
Cut out cards.
Trace & write the words.

Fold the sides over.

Fold the bottom up and
glue to the side flaps.

Insert the pack of cards.

Fold the top flap over.
Color the sh letters.
Write name on bottom of envelope.

Completed front
of envelope.

Before I have my students turn their word cards into an Itty Bitty booklet, we "play" with them for a few days.

They alphabetize, sort, group, write sentences, and play games.
(See the tip list for ideas.)

So the cards don't get lost or crumpled, students keep them in this cute little envelope that they make.

Making an envelope is super-simple; plus great fine motor & scissor cutting practice. Wonderful for "listening & following directions" too.

My kiddos are very proud of the results and really enjoy this activity.
