

Vowel & Consonant Help

©TeachWithMe.com

There were some students
who knew their vowels,
and this is what they sang oh
A-E-I-O-U
a-e-i-o-u
A-E-I-O-U
and they were oh so smart oh!

Vowel & Consonant Help

- Run off the upper and lowercase bookmarks on white construction paper.
- Have students TRACE the vowels in one color, and the consonants in another.
- You can use them for “I Spy” a letter games as well as having children differentiate vowels from consonants.
- When children sing the vowel song, have them find and point to the letters.
- Print and laminate the vowel posters.
- Have students use a laser pointer and find the long and short vowel words in your word wall and “read around the room” cards.
- Use the monthly vocabulary lists to increase and build vocabulary as well as to review vowels and consonants as well as letter recognition in a fun way.
- These sheets can be done as “speed” games to prepare students for future timed tests, included in a sub folder, send home as a home-school connection, or something to do when a student completes all of their center work.

warm

watermelon

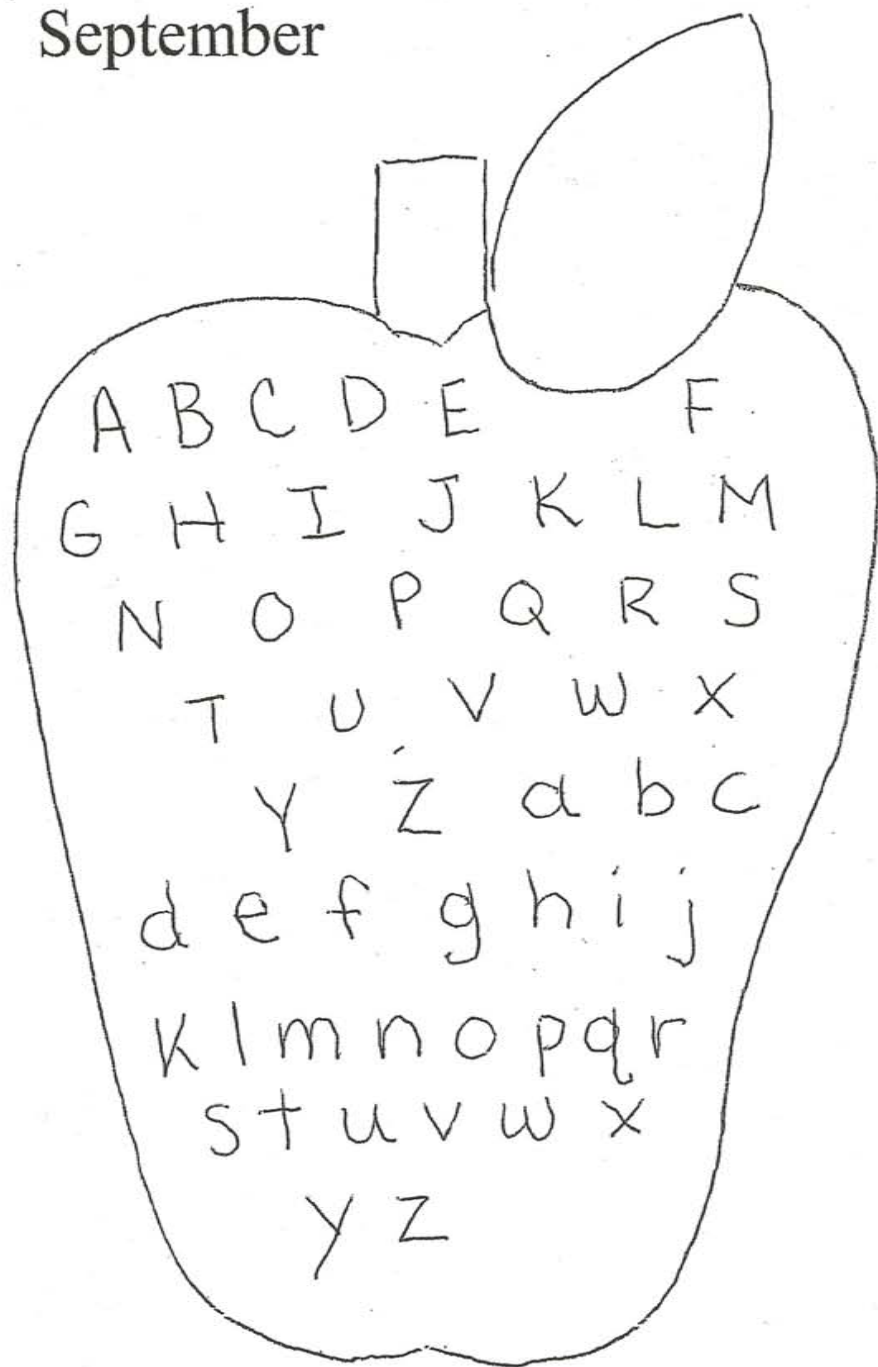

Monthly Alphabet Identification Sheets

Directions:

- Use these monthly upper and lowercase ABC sheets to have students circle the vowels and underline the consonants in a “Speed” game.
- Allow them 1 minute to finish,.
- or use them to play “I Spy A Letter!”
- Call out a letter and have students zap the upper and lowercase letter.
- As soon as they have spied that letter and X-ed them out, they should raise their hand.
- The 1st child to do that correctly gets to choose the next letter.
- Keep choosing students ‘til all have had a turn to pick a letter.
- These are great for your sub folder or to send home with a struggling student and have parents work with their child on letters they still can’t identify.
