CUT and GLUE the picture  
to the matching numbered boxes in your booklet.

1 2 3

These little counting books give you lots of “bang for your time!”

- Students READ the number as a number and as a word.
- Students trace the number and word.
- They write the number and word.
- They read and see that many of “something” in a sentence.
- They spy that number in a sequence of numbers and CIRCLE that number.
- They X that many boxes. Students can also bingo dot or stamp that many boxes.
- Students cut and glue the group/set to the matching numbered boxes.
- When everyone has finished their booklet, read it aloud as a whole group and review concepts of print.
- Children will be able to take these booklets home and share them with their families.
- These are great self-esteem builders.
- You can do a page a day or an entire booklet.
- Children only need to do one of these booklets with assistance and then be able to do them independently; a different one each week or month according to your needs and themes.
- It’s a great way to learn how to identify and read numbers and number words and cover a variety of skills and standards!

There are many things at a football game:  
Fans, equipment, food, referees,  
sportscasters, cheerleaders, the players, the  
coaches, cameras, crew, doctors, vehicles,  
trainers, clothing, locker rooms, etc.

We are going to play pretend. You can be  
ANYTHING you want to be at a football  
game.

You don't have to be human. You could be  
a hotdog, the football or even a tennis shoe!

Maybe you DO want to be human and you'd  
like to be a cheerleader waving pom poms,  
or the quarterback passing the ball, or a  
newscaster broadcasting the plays.

You decide and then fill in the blank and  
explain why. Follow it up by drawing a picture  
of yourself at the game!

At the football

game I am a

because

1 football + 1 more  
= 2 footballs

2 footballs + 1 more  
= 3 footballs

3 footballs + 1 more  
= 4 footballs

4 footballs + 1 more  
= 5 footballs

5 footballs + 1 more  
= 6 footballs
