

The Cat Juggles

3D Shapes

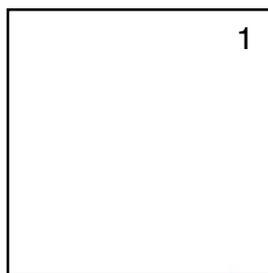

1-2-3 come juggle 3D shapes with me!
Before we're done, you'll have some fun!

As you can see, juggling is no problem for me.
I can juggle a ball, with no trouble at all.

Lookie here, a ball is a sphere.

sphere

Blank handwriting lines for the word 'sphere'.

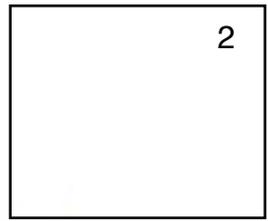

Can you name something else that's a sphere?
Oh dear!
I wonder if I could juggle that?
Of course I can! I'm the Cat in the Hat.

Name another sphere.

Blank handwriting lines for writing another sphere name.

Isn't it nice, to be able to juggle dice?
Dice are cubes, not tubes.

cubes

Blank handwriting lines for the word 'cubes'.

Can you name something else that's a cube?
A tube?
I wonder if I could juggle that?
Of course I can! I'm the Cat in the Hat.

Name another cube.

Blank handwriting lines for writing another cube name.

Oh man! I can juggle a can.
A cylinder is a can, man oh man!

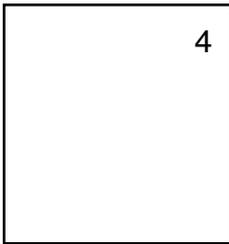

cylinder

Can you name something else that's a cylinder shape?
A rolled up drape?
I wonder if I could juggle that?
Of course I can! I'm the Cat in the Hat.

Name another cylinder.

I'm in the zone. I can juggle a cone.
A party hat's a cone, I can juggle it alone.

cone

Can you name something else that's a cone?
A pointy old stone?
I wonder if I could juggle that?
Of course I can! I'm the Cat in the Hat.

Name another cylinder.

Draw one of each 3D shape below, so that it looks like the Cat in the Hat is juggling them.
They can be the actual shapes, things that the booklet mentioned, or the extra things that you thought of, or something brand new.

Cut out the pictures and glue them to the matching numbered boxes in your booklet.
