April Writing Prompts

1. There's a \$1000 prize for the best April fool's joke at school. Have at it. Then tell me what you'll do with the prize money.
2. You're kayaking in the Amazon and see a butterfly that's never been seen before. What does it look like? Your photograph gets published in *National Geographic* and you become famous! Tell me about it.
3. My children are the rainbows in my world. Who are some of your close friends that are the rainbows in your life and why?
4. If April showers bring May flowers, what do hurricanes and tornados bring?
5. Some people love lightening and thunder and stormy weather. Do you? Why or why not?
6. Tell me how you're like a butterfly; egg to caterpillar to chrysalis to butterfly.
7. I love to jump in puddles and walk in light misty rain. Do you? Tell me why and how you feel when you do it.
8. Let's go play in the mud; ooey gooey, gloppy-sloppy mud! Let's get down and get really-really dirty! Tell me all about how it feels, looks, smells and the consequences afterwards, if there are any! 😊
9. You're having a sleepover with 5 of your best friends. You're in the middle of a scary movie. It's storming and a lightening bolt hits a power line and knocks out the electricity. There's frantic pounding at the door and a scream outside... Who could that be? What do they want? Tell me what happens next.

Cut Out sliders. Insert Into slider Recycle Slits.

slits to review numbers, letters & shapes.

For the alphabet Slider Glue 2nd strip "J" under "I" & 3rd strip "U" under "T". To Avoid accidentally pulling out strips you can glue a longer strip of paper on the end & then simply fold the end tabs in to pull the strip out to change to another slider.

Recycling Slider Info-Strip Slider

Materials:

- Construction paper
- Scissors
- Glue sticks (If you want to back with construction paper)

Directions:

Prep:

- Run off master.
- Pre-cut slider strips
- Pre-cut slits in slider shape

The next day...

1. Children CUT out their slider shape. (You can mount it on a complimentary colored sheet of construction paper for more durability.)
2. Students WRITE their name on the BACK of their slider shape.
3. Children insert slider strip from the back to the front. Teacher decides what slider students will be working on. (ABC, 123, Shapes)
4. As a whole group, we use the manipulative to review the information on the slider.
5. I encourage the children to do it again for their parents and include a note about the slider in my newsletter.
6. I ask parents to ask their child to share their slider with them. It helps reinforce lessons, builds self-esteem, and shows their child that they care about what they are learning in school.
7. Since we have a slider for each theme, they make a nice collection. My students love collecting them.
8. Sliders are a nice quick and easy art project that nails and reviews several report card standards in a fun way. It's a great fine motor skill as well.
9. After my students are done with their slider, they clean up their work station, leave their slider at the table and transition to a Tummy Tubby Time activity. When everyone is done, they get their slider and sit on our *Circle of Friends* carpet.
10. Depending on time, we insert 1 or 2 sliders and review the material as a whole group. I'll have them put the shortest shape slider strip in, take the other sliders back to their desk, and we'll review body parts (put your slider on your elbow, knee, wrist etc.), then we'll use it for spatial directions; (put your slider on, behind, above, beside you.) We'll finish up with the *Slider Pokey* and finally "Blast Off" counting from 10-0 and then go put our sliders in our backpacks. 😊
