My Many Colored Spider

They say you should always put your best foot forward. That's sometimes hard to do. Feelings and emotions get in the way. They COLOR my mood. Sometimes I feel RED. I look frumpy and feel grumpy, crabby and gabby, and just plain angry! My foot, my whole leg is *roho* red.

cheeks, these are feeling down right crummy days,
hide your head...don't climb out of bed...Oh pooh!
My foot, my whole leg is *azul* BLUE.

But then life goes on, and a new color I don, like
morado PURPLE! Yahoo! It's so much better than

I'm happy and scrappy and flipper-de-dappy!

It's easy to put your best foot forward when you've got 8. Isn't it great to be a spider with 8? For now I have pink, which certainly won't stink. I'm not just comfy and cozy--everything's rosy! I'm wealthy and healthy and so in the *rosa* PINK rosy! So what do you think of me being pink?

And finally **blanco** WHITE. It's always just right. I feel so sparkly and bright. Like a cloud floating free... Or a lovely bride-to-be...or an angel at the top of a tree.

The colors you choose are up to you. It's all about attitude. Unlike Inky our spider, you don't have 8 chances to put your best foot forward. Remember, it's a case of mind over matter, should life throw the wrong colors at you, if you don't mind it won't matter!
