

Mother's Day Rainbow Writing Prompt Craftivity

Rainbow Strip
Mother's Day Writing Prompt
Dangler.

cTeachWithMe.com

This is a pattern for the heart.
Each student needs two.
They can write whatever they
want on it or the phrase:
"Mom you color my world with
love."

"Mom you color my world with
happiness."

Print, trim and then trace
once on 3-6 pieces of white
construction paper then cut
out multiples at a time.

The size of the colored strips are the width of a
ruler and the length of the construction paper.

Precut on a paper cutter.

Each student needs one strip of each color of
the rainbow.

They fold their strips in half and rub glue on one
side.

Lay a length of ribbon or yarn down the center and
press shut.

Do the same thing for each strip.

Make sure they are in rainbow colored order.

Students write one sentence per strip of things
that their mom does that colors their world.

Older students can also write a sentence on the
back.

Add a school photo for that finishing touch.
