Welcome To My House For Christmas Writing Prompt Craftivity

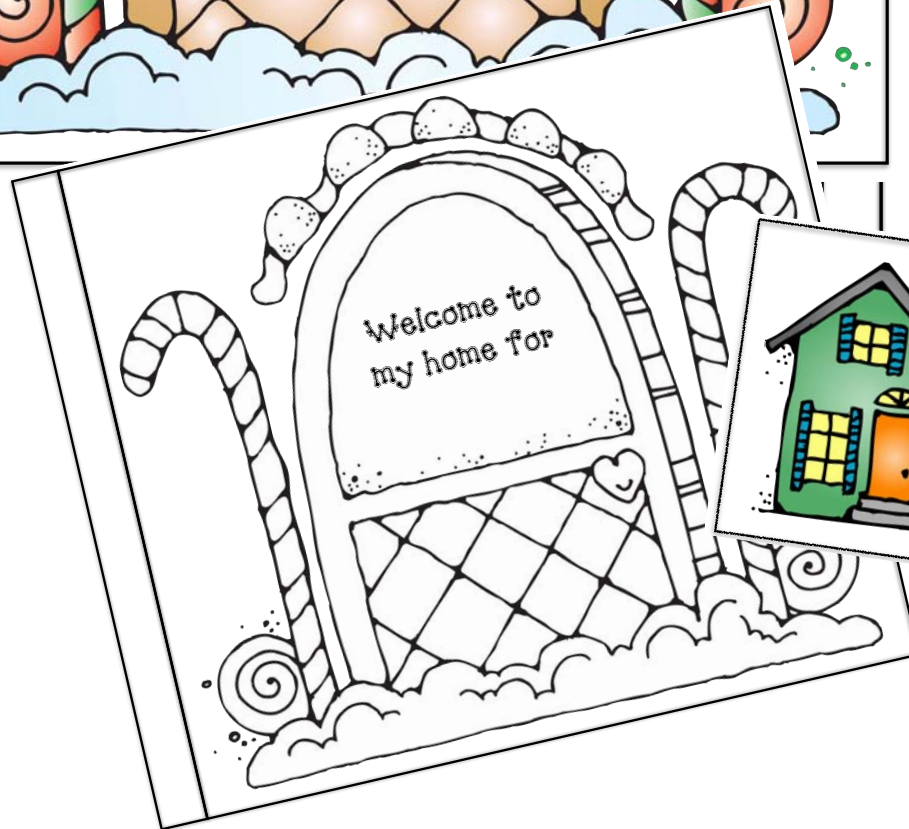

Welcome to my home for Christmas. Come right in and stay awhile. I'd like you to meet my mom and dad, along with my older sister Kayla and my younger brother Joshua.

I think you'll like our fragrant, real Christmas tree. Every year we cut down a blue spruce on my grandparent's farm and decorate it with white lights, multi-colored glass balls and red velvet bows. You can see the angel twinkling at the top. It's been in our family for generations.

In the living room we've got a fire burning. Our handmade stockings are hung from the mantel. We enjoy reading Christmas stories here, as we drink hot apple cider, cocoa or eggnog and munch on the cookies we bake together each year.

That delicious smell, is our Christmas dinner cooking. I hope you like ham. It's glazed with pineapple and trimmed with cloves and cherries. We'll also have salad and scalloped potatoes. For dessert, my grandma brings a yummy Jell-O mold that's shaped like a Christmas wreath. We all have a toast with cranberry punch too.

After dinner, we'll be opening gifts and then attending midnight mass. I'm so glad you could come celebrate with us.
