

Date:

Dear Families,

We are studying the extremely important life skill of fire safety.

Would you please discuss with your child a fire escape plan for your home, then have them draw a picture of their 2 escape routes.

So that family members won't have to wonder if everyone is out safely, it's important to have a meeting place somewhere in your yard, like a tree, the mailbox, etc. Please have children include this in their drawing.

This assignment is due

.....
Thank you in advance for helping.

Educationally Yours,
