

Magic **e** Magic **e**
Changes words magically!
Can becomes cane
and pan becomes pane
Add that **e**
Now what do you see?

Kaboom Template

What can you do with the traceable word cards?

- Print and laminate and put on a split ring and use as flashcards for your students.
- Print and laminate and sprinkle them on the floor. Have students collect the cards before the timer rings. Have students organize them by counting or alphabetizing the cards.
- Run off sets on two different colors of paper so that you can make Memory Match games. This will make the game easier to play and expedite time.
- Put a set in a bag, basket or box and have students pull out a card and read it. If they can't, they are out of the game.
- Add "bomb" cards and play "Kaboom". Students take a card out of the container. Teacher calls on a student to start the game, that child reads their word card and calls on another student. If they have a bomb card, everyone yells "Kaboom" and both children are out of the game.
- Run off copies of the cards for your students. They trace the words, cut out the cards, and add a cover to make Itty Bitty booklets so they can share them with their families and reinforce lessons learned at school.
- Play "I Have, Who Has?" Teacher has a list of words and posts them on the board. (S)he says: *"I have ___, who has ___?"* That student continues by showing their card and asking for the next word on the list. You can spice this game up by adding the "Kaboom" cards.
- Have students choose a partner and play "Speed" against them. Each child has a set of cards that is in the same order as their partner's. They place them face down. They say 1-2 flip and then

flip a card over. The first one to read it takes the cards. The student with the most cards wins.

- Make mini posters out of the cards and display them on the wall. Play I'm Thinking of a Number/Letter. The teacher or student gives clues about the words. Students look at the poster and try to figure out which one they are talking about. i.e., *"I'm thinking of a word that has 5 letters in it. It has 2 vowels and 2 consonants and would come after the word _____ if you alphabetized it."*
- Play Mystery Word. Use the cards as mystery cards. Choose one each day to hide behind a question mark poster that you have hanging on the board. Ask students to guess what WOW (word of the day) they think is hiding behind the question mark by giving clues like the above.
- Have students put the cards in alphabetical order.
- If you think of other ways to use the cards, I'd enjoy hearing from you, so I can add them to this list. diane@teachwithme.com
