

Book Of Families

Dear Families,

To help reinforce our reading and writing skills, we are **making a class book about our families**. As a math extension, we will be graphing how many **people** are in each child's family. Since pets are important family members too, please fill out the information at the bottom. I will use it to verify our graphs.

Please help your child fill in the attached page for our book. They may include pets in their list. They need to **draw** and **color** a picture of their family at the bottom of their page. If you'd also like to have them glue a **real photo** on the **back** of their page that would be great!

This assignment is due on _____. Thanks in advance for your cooperation.

Educationally Yours,

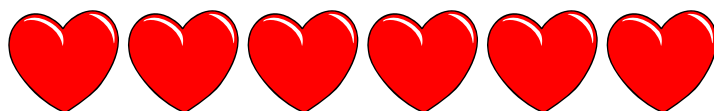

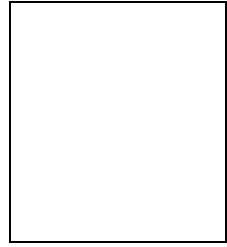

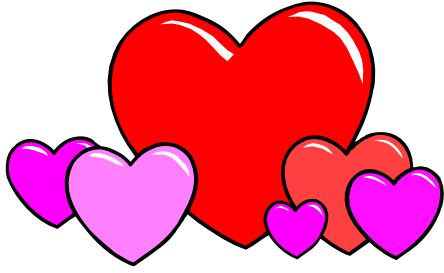

1. We have these pets in our family: _____

(List kinds and #: i.e. 2 dogs, 3 cats and 1 bird)

2. My child has: _____ sisters _____ brothers

Child's name; _____

My name is

I have people in

my family. They are

Dear Families,

Knowing one's address is very important. To help make learning that fun, and to reinforce our reading, writing and speaking skills, would you please help your child with their *"This Is Where I Live"* Home-School Connection assignment? We are making a Class Book. Your child's page is attached.

- Please write your address on a scrap piece of paper so that they can copy it and fill in the blank on their paper. **Sample:**
2137 Norway Ave. Grand Rapids, Michigan 49546
- Have them draw a picture of their house. Help them with the design; i.e. do you live in a ranch, two story, apartment, or trailer?
- They should also color their house.
- Help them fill in the rest of the blanks on their paper. i.e., *I live in a* brown ranch, multi-family apartment, double-wide trailer.
- This assignment is due: _____
- To practice their verbal presentation skills, they will be sharing their page with their classmates.
- I will then bind all of the pages into a book for them to read.
- Thanks in advance for your time and cooperation.

Educationally Yours,
