Dear Families,

We are studying **colors**,

To make this a lot of fun for your child, I thought we'd feature a different color each week and pick \_\_\_\_\_ as our special day to have everyone wear that color. I'll take a group photo and that picture will become part of our **class-made color book**.

We will also be making a collage of pictures cut from magazines or catalogs that are that color. Please help your child page through magazines/catalogs and look for things that are pretty much a **solid color**, then **cut out at least 2** and bring them to school. They can do this all at once or bring them in on that particular color day. Please write your child's name on the back of their pictures.

For your convenience, I have attached calendars designating which week is what color and which day is color day. Thanks in advance for your cooperation.

Educationally Yours,

# Color Day Calendar

| Sunday | Monday | Tuesday | Wednesday | Thursday | Friday | Saturday |
|--------|--------|---------|-----------|----------|--------|----------|
|        |        |         |           |          |        |          |
|        |        |         |           |          |        |          |
|        |        |         |           |          |        |          |
|        |        |         |           |          |        |          |
|        |        |         |           |          |        |          |

Take a moment  
and look at the  
class books  
that we've made!
