Word Families

I CAN
read these words!
TouCan Bird's
WORD family today is:

I Can Read Word Families TouCAN Word Bird

1. Laminate the Toucan.
2. Hang him on the wall.
3. Laminate & cut out the word family and word cards.
4. Post the word family card under the Toucan poster.
5. Post the smaller word cards for that family under the word family header card.
6. Children work on their trace & writes during **Daily 5** Word Work and...
7. Students make their own Itty Bitty booklets to take home & share with their families.

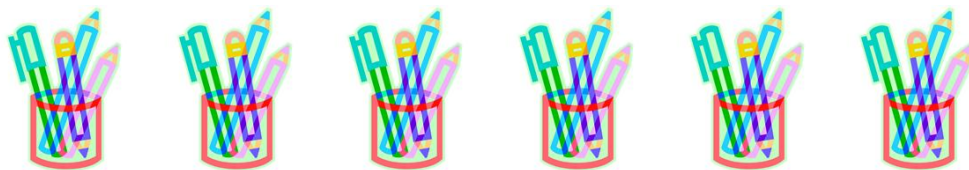

What else can you do with the traceable word cards?

- Print and laminate and put on a split ring and use as flashcards for your students.
- Print and laminate and sprinkle them on the floor. Have students collect the cards before the timer rings. Have students organize them by finding the matches that make up word families.
- Run off sets on two different colors of paper so that you can make Memory Match games. This will make the game easier to play and expedite time.
- Put a set in a bag, basket or box and have students pull out a card and read it. If they can't, they are out of the game.
- Children take 2 cards out of the basket. Teacher calls on a student to start the game, that child reads their word card and asks for another word in that word family. That child with that card reads it and gives their card to that child. They then read their other card and ask for another word in that word family.

- Play continues 'til all of the cards are gone.
- Add Kaboom cards to make the game more fun. Children only take one card out of the basket. Instead of asking for a word in the word family, children call on a child to read their card. If they have a bomb card, they show it, and everyone yells "Kaboom" and both children are out of the game.
- Run off copies of whatever word family cards you want your students to work on. They trace the words, cut out the cards, and add a cover to make Itty Bitty booklets so they can share them with their families and reinforce lessons learned at school.
- There is enough room on the cards to have the students write the words after they get done tracing them.
- Before students collate their booklets, have them alphabetize the words.
- To reinforce rhyming, have students make up silly nonsense words and add them to their booklets using blank pages.
- On the backs of these words, have them write a definition of what that silly word means. i.e. frop A frop is a friendly alien from the planet Froop.
- Play ***"I Have, Who Has?"*** Have each student choose 2 cards from your basket of cards.
- Make sure you have only enough pairs of cards so that things come out equal to the number of students present that day.
- Post a list of the word families you want to work on.
- Children will choose words from that list.
- One student starts and says: ***"I have ***'bit'*** who has ***hit***?"*** The child with the word ***hit*** gives that child their card and then reads their 2nd card. Play continues 'til all of the cards are gone.
- You can spice this game up by adding the "Kaboom" cards to this game as well.
- Have students choose a partner and play "Speed" against them. Each child has a set of cards that is in the same order as their partner's. They place them face down. They say 1-2 flip and then flip a card over. The first one to read the card and say another word in the word family, takes the cards. The student with the most cards wins.
- You can also play "Go Word Families" just like you play Go Fish. Set the timer to ring after a certain amount of time. The child with

the most word family pairs is the winner. You need two decks for 2 students with the same word family cards, printed on two different colors for easy sorting.

- Make mini posters out of the cards and display them on the wall. Play I'm Thinking of a word. The teacher or student gives clues about the words. Students look at the poster and try to figure out which word family they are talking about. i.e., *"I'm thinking of a word that has 3 letters in it. It has 1 vowels and would come before the word hit if you alphabetized it. A synonym for this word is chomp."*
- Play Mystery Word. Use the cards as mystery cards. Choose one each day to hide behind a question mark poster that you have hanging on the board. Ask students to guess what WOW (**w**onderful, **o**utstanding **w**ord of the day) they think is hiding behind the question mark by giving clues like the above.
- Use these as a resource for writing words.
- Use these as a resource for spelling.
- Make a dictionary of these words.
- Use them as flashcards.
- Cut them up and use them as puzzles.
- Use them as pocket cards.
- Add other necessary words so students can use them to make phrases or sentences.
